BATAPORA, ZAKURA, SGR-190006

NAAC ACCREDITED B

No.GWCS/25 40

Dated: 20-01-2025

Institutional Distinctiveness

The college, located in the suburbs of Srinagar, Jammu and Kashmir, is committed to empowering girls from marginalized communities, including those from economically weaker sections, fisherman families, and artisan backgrounds. Its strategic location makes higher education accessible to girls who may face challenges commuting to urban centers, thereby fostering increased participation from these communities.

As the only women's college in the city, the college is attuned to the cultural sensitivities of the region, creating a safe and supportive environment for students to pursue education while respecting their cultural values. This inclusivity has been instrumental in helping many of our students become the first in their families to seek higher education.

The college is particularly proud of its role in breaking societal barriers. For example, events such as the International Women's Day celebration and the World Book Day seminar promote gender equality and inspire our students to pursue academic excellence. Additionally, programs like the Entrepreneurship Awareness on Agri-Tourism provide practical opportunities for our students to engage in skill-building activities.

By encouraging young women to strive for higher education and empowering them to overcome social barriers, the college is transforming individuals and, in turn, uplifting entire communities, in line with its mission of empowerment and education.
